Best remodeling service ever! They redid our shower, vanity setup, and linen closet and brought it all back to life. We are so so pleased with all the work they did. They also got the job done quickly!! The workers were very respectful and always there to answer questions. Highly recommend them for all your remodeling needs!

Stedson Childress handled the total reroof of my home. He drove me to see some roofs Diebolt completed and he oversaw the installation from beginning to end. Product and workmanship exactly what he told me. I recommend. A++

Had hail damage and needed a new roof among other items repaired that were damaged in the storm. Called Diebolt and glad I did, Sierra fought and dealt with my insurance every step of the way. Insurance was trying not to cover replacement or repairs and she kept after them until they agreed to do so. I highly recommend Diebolt.

**Services:** Roof repair for storm & wind damage, Roof inspection, Roof installation

Cole Hayes was extremely helpful, explaining the process and worked well with our insurance company. He was very professional throughout the process. He also let us know when issues or concerns were discovered when the old roof was removed and how the problems were dealt with. The roofing staff worked quickly and efficiently. The products used were excellent. They completed the job on time as scheduled. Excellent customer service, throughout. We are very happy with our experience with Diebolt Construction and highly recommend them.

We had a lot of wind damage and filed a claim. Nick Hestlow with Diebolt Construction made the process so easy for us and very informative! From meeting, to picking our roof option, to getting it put up; it was a quick and stress free process! They were able to put our roof up in one day! I suggest Nick and Diebolt Construction for any of your roofing needs!!!!

Diebolt Construction represented by Cole Hayes came to the house to tell us we needed a new roof. Even though it had been turned down by inspection the prior year by insurance, Cole thought we had valid claim. After taking many pictures of damage by hail on my roof we submitted info for another claim. After a different inspector reviewed the roof in person, they agreed we needed a new roof. The insurance company agreed to pay all estimated amounts for the roof. The quality and material used on my house was top of the line. Cole Hayes has had numerous followups to make sure work was done properly and that we were happy. We recommend Diebolt Construction. Before you make a large investment in your home, just give them a chance to discuss and bid. Diebolt does what they promise. They will do a professional and timely job.

I absolutely loved Diebolt Roofing. They were awesome to work with too. Tim Murphy is one of the nicest person that I've had the pleasure to work with! He made sure that I was very pleased with my roof and has stopped by on occasion just to make sure everything is still good! I know you will like them as much as I do too!

Thinking of remodeling? Just the thought can cause extreme anxiety, headaches and petty marital arguments :cough:.. Don't get in over your head — First, get professional help. Then, call Waco Construction! Ba dum hiss!

I had the pleasure of working with Waco Construction to remodel my entire kitchen, and I couldn't be happier with the results. From start to finish, David and Tim demonstrated exceptional professionalism, dedication, and expertise.

What stood out the most was their commitment to saving me money without compromising on quality. They provided valuable suggestions and cost-effective solutions without cutting corners, which was greatly appreciated.

The work ethic of the Waco Construction team was top-notch. They were punctual, efficient, and kept the project on track throughout. It's evident that they take pride in their craft, ensuring every detail was perfect.

I now have a stunning, functional kitchen that exceeds my expectations, all thanks to Waco Construction. I highly recommend their services to anyone looking for a remodeling company that delivers excellence in every aspect. Thank you, Waco Construction, for making my dream kitchen a reality!

Tim Murphy was great to work with on the installation of my new roof. He was helpful with all the paperwork, very easy to work with, and very prompt with all our appointments. He was here with the crew on the day of the roof installation and he came by several times to make sure that everything was done correctly. I would highly recommend Tim and Diebolt Construction for any roofing needs

Cole Hayes from Diebolt contacted me regarding hail damage that was visible from the street on my roof. I had been declined by insurance earlier in the year. In fact they declined again, but with his knowledge, he did get an agreement to replace my roof from them for me. I definitely had hail damage. I give 5 stars because this is honestly the most professional person I have encountered in many years. From inspection to completion, I was informed of every step and there were no surprises. The job done looks wonderful. The materials are good and the clean up was good. The job was done in 1 day a few hours. I recommend this company and this person for there quality of work and integrity.

I contacted them based on the recommendation of my roofing adjuster and I was not disappointed. I explained that I needed the roof replaced ASAP and they were able to fit me in quickly and completed the project in one day. I was worried about the process and having to pay more beyond my insurance deductible but their contract guarantees that you don't pay anything beyond the deductible which was awesome. Roof turned out great, cleanup was good, and everything went smooth.
